My Story

My husband worked with the City of Waveland. His job consist of when Hurricane come be near by to start work ASAP. He worked on water / gas. So we stayed during the storm. We are all lucky to be alive. Now he no longer has that job because we do not have a place to live in MS. We came to TN soon after the storm because our kids got sick. Now we don't know what will happen. We pray day to day. My husband can't get a job because of his back injury and I can't make enough to support us. I don't blame God for this instead I thank Him for setting us on our new life path, and that Him that we still have each other.
